10. You may close me when it's night time and open me when it's daylight
The clue place is a blind, or Curtains: place the letter S here

Print the large letters out (attached below), and place these in the clue places above- make sure you place the letter in the correct clue place or the Dinosaur name will not be spelt correctly in the grid.

Give the kids their clue sheets, and set them off to find the missing letters that will spell out the missing Dinosaur. Each clue sheet has the questions in a different order, so the kids aren't just following each other around without solving the clues.

The kids write down each letter on their answer sheet as they come to it, matching the clue number with the number on the grid (for example the letter for clue 10 goes in grid 10).

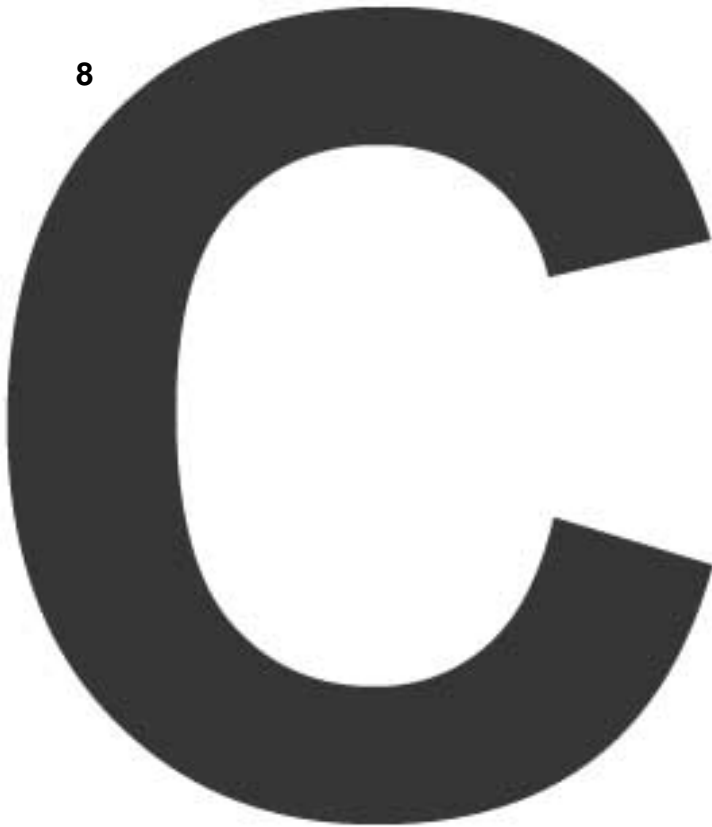

1	2	3	4	5	6	7	8	9	10
D	I	P	L	O	D	O	C	U	S

When they have all 10 letters, they have the name of our missing Dinosaur. The first back to you with the correct answer wins a prize- or give each kid a small treat when they return with the completed answer sheet.
